

New Housing coming to London Street, Kaiti, Gisborne

OCTOBER 2020

We are looking at building new state housing in your neighbourhood to help meet the need for housing in your region.

We are mindful of the impact building has on your community and want to keep you involved with the process.

Kāinga Ora – Homes and Communities is looking at how we can build new, modern homes on London Street and better utilise our landholdings.

What will be built?

Kāinga Ora will be building nine modern, warm and dry homes on London Street. This will consist of four one-bedroom and five two three-bedroom homes.

Across the country Kāinga Ora is building new homes that will mostly consist of one or two bedroom warm and dry houses, with some three and four bedroom homes, and will cater to those most in need of state housing.

Who will live in the new homes?

For the state homes being built, Kāinga Ora will match these homes to individuals and families on the Ministry of Social Development's Housing Register with the highest priority for a home of that size and in that location.

What is the timeline?

Once we have confirmed the dates that our contractors will be on site, we will provide this information to you.

Keeping disruption to a minimum

We will ensure that site and traffic management plans are in place for these developments. These provide rules and guidelines for what happens during construction.

The plans will cover items like the hours during which work can be carried out, where contractors can park their vehicles and the control of dust and noise. When the construction phase begins, we expect building activity to take place between 7:00am and 6:00pm Monday to Friday and 8:00am to 5:00pm on Saturdays, but not on Sundays and public holidays.

Supporting tenants

We always help our new tenants settle in to their new home and community. A key focus of ours is to ensure that tenants understand their responsibilities and that includes being good neighbours and connecting with their communities. Kāinga Ora is also looking at new ways of how we support tenants and help them connect to support services when and if they need it.
